### **Project Description**

Missoula County is in the beginning stages of developing a countywide comprehensive plan for the unincorporated parts of Missoula County. [Unincorporated areas\(External link\)](#) include anywhere outside Missoula city limits but within Missoula County. The County originally adopted a comprehensive plan in 1975, and the comprehensive planning document currently in use was adopted in 2016, with a substantial amendment in 2019. The process of updating the plan will be a two-year process that will likely continue into 2027.
